

VERONICA STAROVOIT

Technical Content Expert

@ starovoitv@gmail.com www.veronicastarovoit.com 📍 Seattle, WA or Remote

SUMMARY

Technical writer and content manager with over 10 years of experience. Skilled at mentoring writers, data-driven decision-making, and integrating the latest technologies to continually improve author workflows and user experiences. Seeking an opportunity to contribute to the development of inspiring technology.

WORK EXPERIENCE

Senior Technical Writer

Amazon 11/2015 - 12/2023

- Created and led the documentation teams for the autonomous drone (2020-2023), COVID-19 testing (2020), and advertising software (2015-2019) divisions.
- Defined the role and career leveling guidelines still used by all technical writers creating content for STEM audiences across Amazon.
- Delivered what the Federal Aviation Administration called "the most complete drone documentation program out of all submissions" in order to certify drone delivery (Part 135 and USC 44807).
- Implemented multiple scalable, AI-enhanced content management solutions enabling content reuse, translation, and streamlined multi-channel publication of large information sets.
- Produced a variety of content including API guides with coding samples, open source software documentation, maintenance and assembly instructions, technical illustrations, user manuals, and UI microcopy.

Senior Technical Writer

Pearson 03/2012 - 11/2015

- Published content used by educators and software developers including context-sensitive web help, user guides, release notes, in-product copy, and API guides for RESTful web services.
- Modernized legacy content to docs-as-code for deeper developer contributions.
- Conducted focused user testing on knowledge centers and designed always-on analytics and survey capabilities.
- Helped design and launch a new technical support landing page and documentation portal for all Pearson Education software sites.
- Worked closely with developers, testers, designers, and other stakeholders to ensure documentation completeness and accuracy across several product lines with varying release schedules.

Technical Writer

Geosoft 04/2011 - 03/2012

- Created instructional and marketing materials for natural resource engineering audiences including online help systems, manuals, product descriptions, release notes, and training videos.
- Single-sourced and localized content into multiple global markets using MadCap's Tech Comm Suite, saving over \$15k USD in translation costs through word reduction.
- Launched Geosoft's first social media program, expanding its presence on Wikipedia, Facebook, and YouTube.
